Audience Etiquette

Our performers have worked very hard in preparation for this showcase. To show our appreciation for their effort and to be considerate of other audience members, please observe the following rules of show etiquette:

- Please silence all electronic devices (cell phones, gaming units, tablets, etc). The additional lights and sound can be distracting for the performers and other audience members.
- We ask that you refrain from taking photos and videos during the show. Each family will receive a high quality digital copy of the show from our professional videographer.
- If you are attending with young children, please make sure that etiquette is part of the learning experience. We are also modeling this etiquette and setting an example for our performers.
- Please stay for your entire show and give our performers the audience they deserve.
- Please refrain from leaving or returning to your seat during a performance. If you need to leave, please wait for a blackout.
- Please have one adult meet your performer at the stage when we call their class at the finale of the show.
- You have now checked your performer in backstage, which means you're kid free! Relax and enjoy the show!

A Note From Miss Lindsay

As another year closes and my own daughter enters her last year in the single digits, I've taken a lot of time to reflect on the wonderful people that surround us and the beautiful community we live in. I am truly beyond grateful for our incredible faculty. They pour their heart and soul into our students every day, and I strongly believe the lessons we teach in class extend way beyond the studio.

This past year, I've watched dancers overcome fears, learn to navigate conflicts, adapt to different teaching styles, push through tough situations, and embrace being perfectly imperfect.

I hope their courage and charisma inspire you as they take the stage today! I know they inspire me each and every day in the classroom.

I hope you all have the most wonderful summer, and can't wait to see you back in August. Enjoy the show!

Love,
Miss Lindsay

Senior Spotlight On Ashleigh Barritt

Name: Ashleigh Barritt

What are your plans for next year?

Next year, I will be continuing my education at Florida State University, majoring in Criminology, and will be taking my first semester abroad in London, England.

How long have you been dancing?

I have been dancing at X-Factor for 9 years; however, I started dancing when I was 5 years old with a short break to pursue other sports.

What is your favorite routine you have performed?

My favorite routine was a dance from 2 years ago called “Light of Love”, it was a group dance with 3 other girls that I have been dancing with since forever, and girls that have truly become some of my closest friends. The message and choreography (by Mrs. Kathy) was beautiful and we even ended up getting runner-up in finals because of it.

What is your favorite studio memory?

Some of my favorite studio memories have been outside of the classroom, our company pool parties we had for many years, the backstage of competitions hanging out with other dancers and our Now Snowing we did every year where we performed our competition dances for the first time.

What will you miss most about your time at the studio?

I will miss the community at X-Factor and people I have met from close friends to teachers; the times I have spent with these people will continue to have a lifelong impact on me.

What advice do you have for younger dancers?

Enjoy it. Especially for the competition dancers, sometimes you might get a bad result and get upset, but don't forget to have fun in the moment, because in a blink of an eye you will be a senior. Savor every moment from classes to performances, as Ferris Bueller said “Life moves pretty fast. If you don't stop and look around once in a while, you could miss it”.

Name: Fia Sterry

What are your plans for next year?

Next year, I'll be attending Elon University in North Carolina as a Sports Management major. I was also accepted into the School of Communications Fellows Program, which I'm so excited about. I can't wait to start this next chapter and keep growing my passion for sports, leadership, and communications.

How long have you been dancing?

I've been dancing for 13 years now – basically most of my life!

What is your favorite routine you have performed?

My favorite routine I've ever competed was our trio to "You Don't Own Me." We got to be super sassy and really lean into the attitude of the song, which made it so fun to perform. It was a mix of jazz, acro, and musical theater, and I loved the confidence it brought out in me. Getting to dance it with my teammates made it even more special. It's a routine I'll never forget and I still watch the videos.

What is your favorite studio memory?

My favorite studio memory is going to Sonny's with the team before or after competitions in Lakeland. Those dinners were always full of laughs. I used to say the baby back ribs were my "secret weapon" before going on stage. It became our little tradition, and I'll remember those meals just as much as the dances themselves.

What will you miss most about your time at the studio?

What I'll miss most about my studio is the support and environment the team and teachers create. I'll always remember running from flag football practice to Town Hall, taking off my cleats and putting on my pointe shoes. No matter how sweaty or a little muddy I was, I was welcomed and never judged. They always let me be myself. I could be an athlete and still be a ballerina, and that kind of space is really special.

What advice do you have for younger dancers?

My advice is to not compare yourself to other people and to never be afraid to be authentically you. It's okay to be different. That's what makes you stand out. Especially for the girls, stay strong and confident. The world needs strong, supportive women, and dance is such an amazing place to grow into that kind of person. Have each other's backs and show what it means to be a leading lady. And always remember why you started dancing in the first place. Hold onto that love for it. It's what brought me back after a two-year break.

Senior Spotlight On Jadzia Wallace

Name: *Jadzia Wallace*

What are your plans for next year?

To attend Valencia as a Video Editing and Business major

How long have you been dancing?

About 15 years (since 3 years old)

What is your favorite routine you have performed?

Good Vibrations (Tap 3 with Ms. Taylor)

What is your favorite studio memory?

Being on the Company Team

What will you miss most about your studio?

The teachers

What advice do you have for younger dancers?

Enjoy yourself and keep going!
